

ROLLING STEEL DOOR

WEATHERSTRIPPING PROGRAM

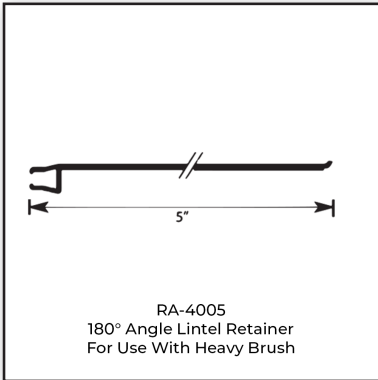

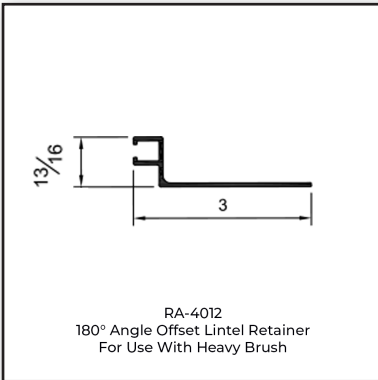

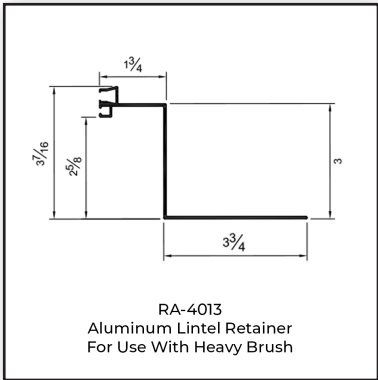

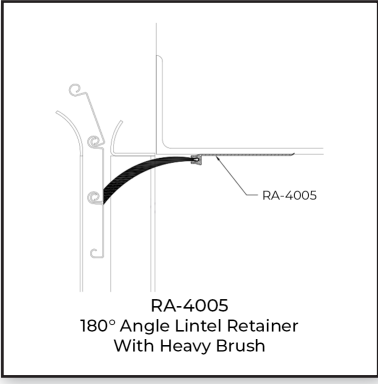

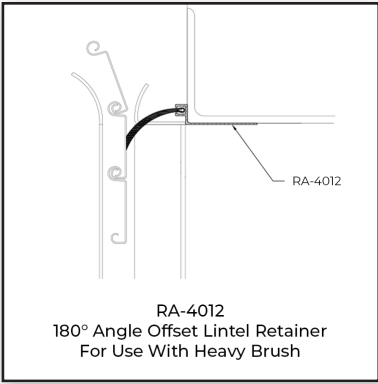

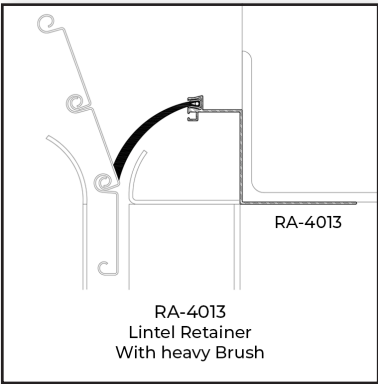

Elton
MANUFACTURING

QUALITY | INNOVATION | TRUST

Lintel weather seal for all rolling steel service door types.

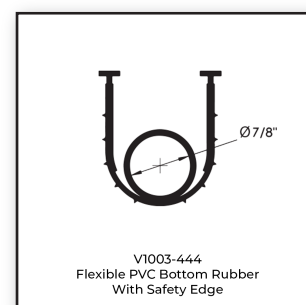

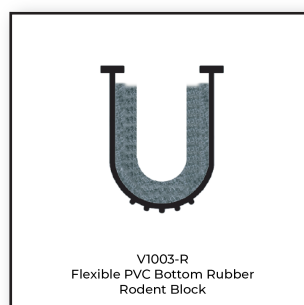

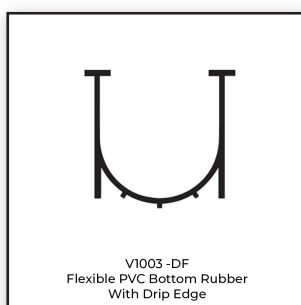

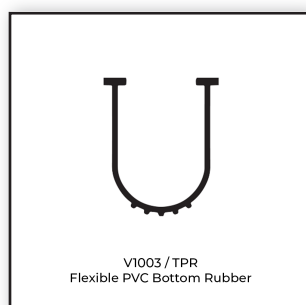

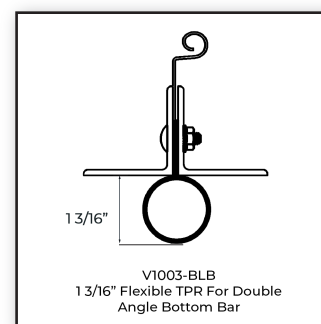

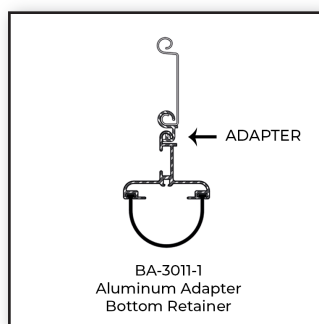

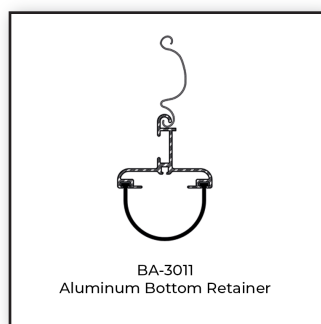

Part No.	Description	Colour	Lengths
RA-4013	Aluminum Lintel Retainer Use With Heavy Brush	Mill Finish	8'-7", 10'-7", 12'-7", 14'-7"
RA-4012	180 Angle Aluminum Offset Lintel Retainer Use With Heavy Brush	Mill Finish	8', 16'
RA-4005	180 Angle Aluminum Lintel Retainer Use With Heavy Brush	Mill Finish	8', 16'
RH-300	3" Heavy Brush Insert	Black	8'
RH-600	6" Heavy Brush Insert	Black	8'

BOTTOM WEATHERSTRIPPING

Bottom weather seals for all rolling steel service door types.

Part No.	Description	Colour	Length
BA-3011	Aluminum Bottom Retainer (Fits Most Curved Slats)	Mill Finish	8'-7", 10'-7", 12'-7", 14'-7", 16'-7", 18'-7", 20'-7", 22'-7", 24'-7"
BA-3011-1	Aluminum Adapter For Bottom Retainer (Fits Most Insulated & Non Insulated Flat Slat Doors)	Mill Finish	
V1003-3	3" Flexible PVC Bottom Rubber	Black	200'
V1003-4	4" Flexible PVC Bottom Rubber	Black	200'
V1003-5	5" Flexible PVC Bottom Rubber	Black	150'
V1003-6.5	6.5" Flexible PVC Bottom Rubber	Black	100'
V1003-3-DF	3" Flexible PVC Bottom Rubber With Drip Edge	Black	200'
V1003-4-DF	4" Flexible PVC Bottom Rubber With Drip Edge	Black	200'
V1003-3-R-Block	3" Flexible PVC Bottom Rubber Rodent Block	Black	75'
V1003-4-R-Block	4" Flexible PVC Bottom Rubber Rodent Block	Black	75'
V1003-BLB	1 1/2" Flexible TPR For Double Angle Bottom Bar	Black	100'
V1003-444	4" Flexible TPR PVC Bottom Rubber Safety Edge	Black	100'
V1003-TPR-3	3" Flexible TPR Bottom Rubber	Black	200'
V1003-TPR-4	4" Flexible TPR Bottom Rubber	Black	200'

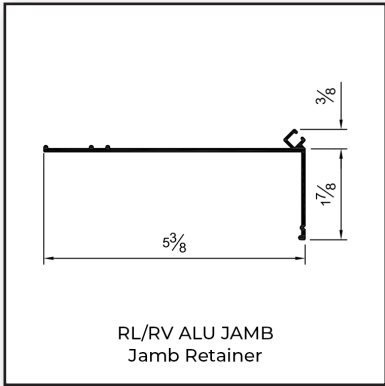

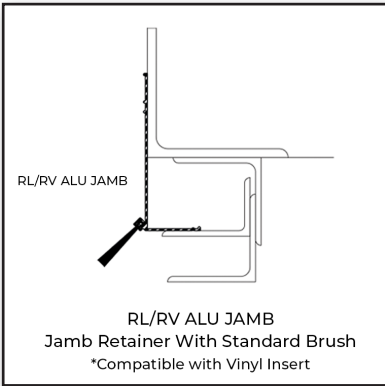

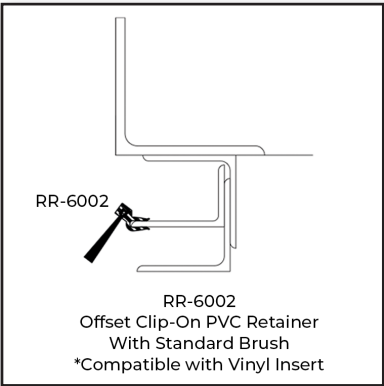

CURVE SLAT GUIDE & JAMB WEATHERSTRIPPING

May 2025

Vertical guide and jamb weather seal.

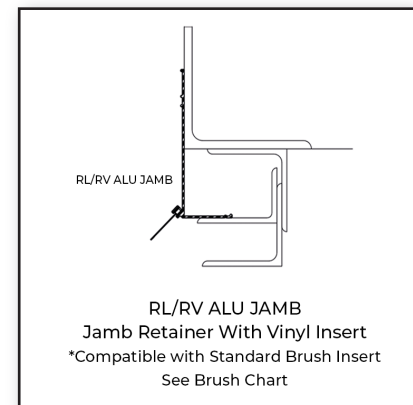

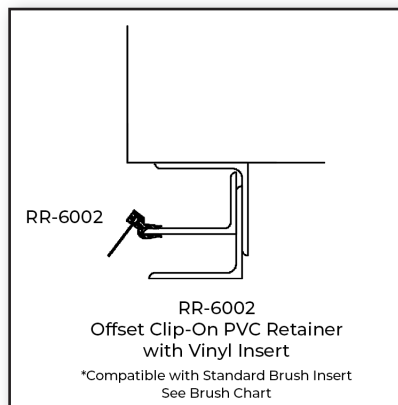

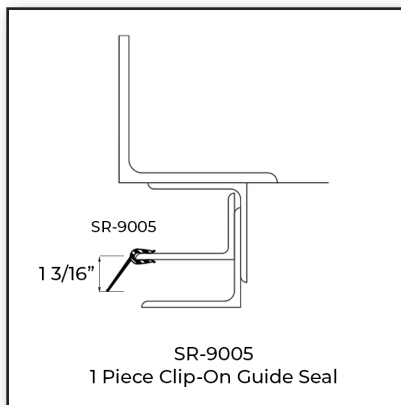

Part No.	Description	Colour	Length
RR6002-125.187	Offset Clip-On PVC Retainer Fits up to 3/16" Guide Thickness Use With Standard Brush & Vinyl Insert	Black	14'
RR6002-250	Offset Clip-On PVC Retainer Fits 1/4" Guide Thickness Use With Standard Brush & Vinyl Insert	Grey	14'
RL/RV ALU JAMB	Aluminum Jamb Retainer Use With Standard Brush & Vinyl Insert	Mill Finish	14'
RL-100	1" Standard Brush Insert	Black	6', 8'
RL-138	1 3/8" Standard Brush Insert	Black	6', 8'
RL-112	1 1/2" Standard Brush Insert	Black	6', 8'
RL-200	2" Standard Brush Insert	Black	6', 8'
RL-300	3" Standard Brush Insert	Black	6', 8'
RL-400	4" Standard Brush Insert	Black	6', 8'
RL-600	6" Standard Brush Insert	Black	6', 8'
RTL-100	1" Standard Coil Brush Insert	Black	216'
RTL-114	1 1/4" Standard Coil Brush Insert	Black	216'
RTL-112	1 1/2" Standard Coil Brush Insert	Black	216'
RTL-200	2" Standard Coil Brush Insert	Black	164'

FLAT SLAT GUIDE & JAMB WEATHERSTRIPPING

Vertical guide and jamb Weather seal.

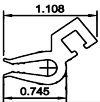

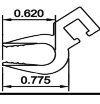

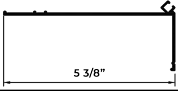

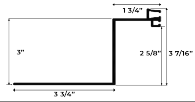

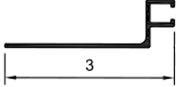

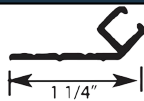

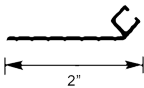

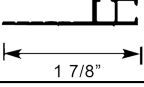

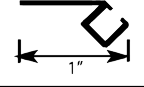

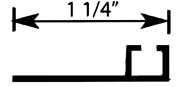

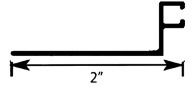

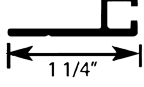

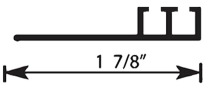

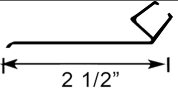

Part No.	Description	Colour	Length
SR-9005	1 Piece Clip-On Guide Seal Fits Up To 3/16" Guide Thickness	Black	14'
SR-9006	1 Piece Clip-On Guide Seal Fits 1/4" Guide Thickness	Grey	14'
RR6002 -125.187	Offset Clip-On PVC Retainer Fits Up To 3/16" Guide Thickness Use With Standard Brush & Vinyl Insert	Black	14'
RR6002-250	Offset Clip-On PVC Retainer Fits 1/4" Guide Thickness Use With Standard Brush & Vinyl Insert	Grey	14'
RL/RV ALU JAMB	Aluminum Jamb Retainer Use With Standard Brush & Vinyl Insert	Mill Finish	14'
RV-100	1" Flexible PVC Insert	Black	600'
RV-112	1 1/2" Flexible PVC Insert	Black	400'
RV-200	2" Flexible PVC Insert	Black	300'
RV-300	3" Flexible PVC Insert	Black	200'

BRUSH & VINYL WEATHER SEAL

Elton Brush and Vinyl Seal solutions

Part No.	Description	Colour	Length
STANDARD BRUSH			
RL-100	1" Bristle	Black	6', 8'
RL-138	1 3/8" Bristle	Black	6', 8'
RL-112	1 1/2" Bristle	Black	6', 8'
RL-200	2" Bristle	Black	6', 8'
RL-300	3" Bristle	Black	6', 8'
RL-400	4" Bristle	Black	6', 8'
RL-600	6" Bristle	Black	6', 8'
HEAVY BRUSH			
RH-300	3" Bristle	Black	8'
RH-500	5" Bristle	Black	6'
RH-600	6" Bristle	Black	8'
VINYL INSERT			
RV-100	1" Vinyl Width	Black	600'
RV-112	1 1/2" Vinyl Width	Black	400'
RV-200	2" Vinyl Width	Black	300'
RV-300	3" Vinyl Width	Black	200'
FLEXIBLE COILED BRUSH			
RCL-100	1" Bristle	Black	216'
RCL-114	1 1/4" Bristle	Black	216'
RCL-112	1 1/2" Bristle	Black	216'
RCL-200	2" Bristle	Black	164'

Part No.	Image	Description	Available Lengths
Rolling Steel Door Retainers			
RR6002-125.187		- Offset Clip-On PVC Retainer - Fits Up to 3/16" Guide Thickness - Use With Standard brush & vinyl insert	14'
RR6002-250		- Offset Clip-On PVC Retainer - Fits 1/4" Guide Thickness - Use With Standard brush & vinyl insert	14'
RL/RV ALU JAMB		- Aluminum Jamb Retainer - For use with Standard brush & vinyl insert	14'
RA-4013		90° Z Shaped Aluminum Lintel Retainer - Use with Heavy brush	8'7", 10'7", 12'7", 14'7"
RA-4005		180° Angle Aluminum Lintel Retainer - For use with Heavy brush	8', 16'
RA-4012		180° Angle Aluminum Offset Lintel Retainer - For use with Heavy brush	8', 10', 12', 14'
Standard Brush & Coild Brush Retainers			
RA-4001		- Aluminum Retainer For Angle Application (45°) - For use with Standard brush or vinyl insert	6', 8', 10', 12', 14', 16'
RA-4002		- Aluminum Retainer For Angle Application (45°) - For use with Standard brush or vinyl insert	6', 8', 10', 12', 14', 16'
RA-4003		- Aluminum Retainer For Angle Application (90° & 180°) - For use with Standard brush or vinyl insert	6', 8', 12', 16'
RA-4006		- Aluminum Retainer For Angle Application (45°) - For use with Standard brush or vinyl insert	6', 12'
RA-4007		- Aluminum Retainer For Angle Application (90°) - For use with Standard brush or vinyl insert	6', 8', 10', 12', 14', 16'
RA-4008		- Aluminum Retainer 2" Off Set For Angle Application (180°) - For use with Standard brush or vinyl insert	6', 12'
RA-4010		- Aluminum Retainer For Angle Application (180°) - For use with Standard brush or vinyl insert	6', 8', 10', 12', 14', 16'
RA-4011		- Aluminum Retainer For Angle Application (90° Double Track) - For use with Standard brush or vinyl insert	12'
Heavy Brush Retainers			
RA-4004		- Aluminum Retainer For Angle Application (45°) - For use with Heavy brush	8', 16'
